SteamRoom Generators

Steam Production

Steam Generation for a
Steam Room Application

A Vapac Steam
Generator designed
specifically for use
with Steam Rooms
in the UK.

A full range of 6.68 kW-22.25 kW
steam room units are available for
optimised performance in the steam
room, treatment room, gyms, hotel,
leisure and fitness centres as well as
domestic environments.

An essential component of an
environment that promotes
relaxation, health and wellbeing
for the mind and body.

SteamRoom Generators
